Providing neuromuscular and electrodiagnostic professionals with the education, advocacy, practice standards, and tools needed to succeed.
AANEM is the association for health care providers who diagnose and manage patients with muscle and nerve disorders.

JOIN TODAY

Join over 5,000 health care providers who enjoy the benefits that AANEM membership brings to their professional development and medical practice.

The American Association of Neuromuscular & Electrodiagnostic Medicine (AANEM) is the only membership organization that is designed to address the needs of all neuromuscular (NM) and electrodiagnostic (EDX) health care providers by bringing together physicians, researchers, technologists, and collaborators who work in these specialized areas of medicine.
EDUCATION

Receive discounts on valuable AANEM educational opportunities and products in a variety of formats for all education and career levels.

Online Learning
Explore podcasts, webinars, and online resources in the AANEM Marketplace. Gain access to free CME and discounts on products.

Muscle & Nerve Journal
Read the most recent research news in your field and earn free CME with invited review articles (a $475 value!).

AANEM Annual Meeting
Earn CME while learning the latest innovations in the field and networking with your colleagues. Save more than 30% on registration.

Maintenance of Certification and Self-Assessment Resources
Meet MOC requirements for the ABEM, ABPN, and ABPMR with Performance in Practice modules and EDX and NM self-assessment exams. CME is also available.
AANEM represents member interests at the state and federal levels and with payers. AANEM advocates for physician-only practice of EMGs, educates payers about appropriate NCS and needle EMG study usage, and represents NM and EDX specialists at CPT and RUC meetings. As a member, you will receive updates as legislative or policy changes occur.

ADVOCACY

PRACTICE RESOURCES
Gain access to the tools you need to help your practice succeed. AANEM provides helpful resources to assist with maximizing reimbursement, marketing your practice, recruiting or job seeking, and more.

Coding Assistance
Use the members-only Coding Toolkit to find a crosswalk to new CPT codes, and resources to assist you.

Practice Guidelines & Position Statements
Guide your NM and EDX practice and support you in insurance claim rejections.

CareerCenter
Find a new job or post an open position on the AANEM’s robust online career site.

Practice Toolkit
Learn how to build your marketing plan and educate your patients and referral sources with ready-to-order brochures.

PROFESSIONAL STANDARDS
The AANEM takes the lead in defining and supporting the highest standards for NM and EDX medicine by providing certification, accreditation, and maintenance programs.

American Board of EDX Medicine (ABEM)
Certifies physicians in EDX medicine.

Certified Nerve Conduction Technologist (CNCT) Program
Certifies technologists who have achieved the highest nerve conduction studies standards.

Maintenance of Certification (MOC)
Meet MOC requirements for the ABPM, ABPMR, and ABEM through NM and EDX self-assessment exams and Performance in Practice modules.

EDX Laboratory Accreditation
Provides patients, referral sources, and payers with a credible measure of excellence.
