

American Association of Neuromuscular  
& Electrodiagnostic Medicine

## The Best Source for NM, MSK, and EDX Training Resources

### Enroll Your Department in the AANEM Training Program Partnership (TPP)

Programs in PM&R, neurology, and other specialties can access educational materials on a variety of topics including EMG, NCS, US, and genetics.

#### Extensive

Trainees learn from 42 case reports, 13 journal case reports, 20 case study articles, 21 editor's choice journal articles, 44 journal reviews, 45 lectures and presentations, 42 monographs, 11 sets of practice questions, 105 course books, 143 podcasts, 9 guideline documents, 6 ethics vignettes, 2 practice self-assessment exams w/answer reviews, an EMG/NCS self-study curriculum, and a suggested reference list.

#### Affordable

For only \$253 per department, each academic year, the department can enroll all of its residents and fellows into TPP. There is no limit on the number of enrolled trainees.

#### Flexible

With AANEM's online TPP portal, program directors and coordinators can manage their TPP account throughout the year, and monitor their trainees' progress. They also have access to trainer-only materials that can help meet their training objectives, including 9 oral exam cases.

#### Additional Benefits

- Free individual AANEM membership for all enrolled trainees.
- In-person AANEM Annual Meeting registration discounts of \$265 per trainee and \$455 for one program director within the department.

# Training Program Partnership Fact Sheet

- TPP is an arrangement between AANEM and your institution's neurology, PM&R, or other department. After enrolling your department, all physicians-in-training within the department receive full benefits of TPP and an individual AANEM membership.
- AANEM has assembled a large amount of educational materials to support the learning objectives of your department. AANEM provides all of these materials at no cost to TPP participants. As members, physicians-in-training also have access to AANEM's free and discounted educational resources, the AANEM Career Center, and our member-only forum AANEM Connect.
- Training Program Directors will also find helpful materials including a self-study curriculum addressing the ACGME milestones, a presentation on developing education, AANEM's Educational Guidelines for Electrodiagnostic Training Programs, and our suggested reference list.
- When a department joins between July 1 and February 28 of the following year, their TPP term will end on June 30 of the current academic year. When a department joins between March 1 and June 30, their TPP term will end on June 30 of the upcoming academic year. All AANEM individual memberships are on a calendar year basis and the free memberships given to TPP participants extend through December 31 of the year in which their department's TPP term ends.
