## **Alexion, AstraZeneca Rare Disease**

*Booth 409*

Alexion, AstraZeneca Rare Disease, is the group within AstraZeneca focused on rare diseases, created following the 2021 acquisition of Alexion Pharmaceuticals, Inc. As a leader in rare diseases for 30 years, Alexion is focused on serving patients and families affected by rare diseases and devastating conditions through the discovery, development and commercialization of life-changing medicines. Alexion focuses its research efforts on novel molecules and targets in the complement cascade and its development efforts on hematology, nephrology, neurology, metabolic disorders, cardiology and ophthalmology. Headquartered in Boston, Massachusetts, Alexion has offices around the globe and serves patients in more than 50 countries.

**Boston, MA | [www.alexion.com](http://www.alexion.com)**

## **Alnylam Pharmaceuticals**

*Booth 509*

Since its founding, Alnylam has led the translation of RNA interference (RNAi) into a new class of approved and investigational medicines for rare genetic, cardio-metabolic, hepatic infectious, and central nervous system (CNS)/ocular diseases. Based on Nobel Prize-winning science, RNAi therapeutics are a clinically validated approach for the treatment of rare diseases with unmet medical need and prevalent diseases. Alnylam is headquartered in Cambridge, MA.

**Cambridge, MA | [www.alnylam.com](http://www.alnylam.com)**

## **Amicus Therapeutics**

*Booth 209*

Amicus Therapeutics is a global, patient-dedicated biotechnology company focused on discovering, developing and delivering novel high-quality medicines for people living with rare metabolic diseases. With extraordinary patient focus, Amicus Therapeutics is committed to advancing and expanding a robust pipeline of medicines for rare metabolic diseases. For any Medical Information inquiries, please email [MedInfoUSA@amicusrx.com](mailto:MedInfoUSA@amicusrx.com) (US Only) and [Medinfo@amicusrx.com](mailto:Medinfo@amicusrx.com) (International). ## **BioCure RX**

*Booth 818*

Infusion Suite management specializing in the neurology space within the physician's practice.

**Houston, TX | [www.biocurerx.com](http://www.biocurerx.com)**

## **Cadwell Laboratories, Inc.**

*Booth 101*

Cadwell is dedicated to proactively contributing toward the advancement and promotion of Neuromuscular and Diagnostic Ultrasound. We believe that by providing a fully integrated EMG/NMUS diagnostic solution, and by driving the development of dedicated NMUS-focused features, we will be able to help you help others even more efficiently in the future.

**Kennewick, WA | [www.cadwell.com](http://www.cadwell.com)**

## **Care Fusion Rx**

*Booth 418*

Care Fusion Rx is a pharmacist owned Home IVIG based specialty pharmacy for patients who have complex neurological medical needs. Our mission is to improve the quality of life for patients by providing personalized, high-quality pharmacy services to support patients and healthcare providers, including medication management, medication dispensing, prior authorization support, refill management, and patient education. Care Fusion Rx places a strong emphasis on patient care through an individualized case management model approach to patient care. We strive to provide exceptional customer service and support, and are committed to helping patients live healthy, fulfilling lives.

**Garden Grove, CA | [www.carefusionrx.com](http://www.carefusionrx.com)**

## **Catalyst Pharmaceuticals, Inc.**

*Booth 515*

Catalyst is committed to developing and commercializing innovative first-in-class medicines that address rare neurological and epileptic diseases.

**Coral Gables, FL | [www.catalystpharma.com](http://www.catalystpharma.com)**

## CND Life Sciences

Booth 614

CND Life Sciences is dedicated to supporting patients facing a potential diagnosis of a neurodegenerative disease. In 2019, CND launched the Syn-One Test® to detect, visualize, and quantify misfolded alpha-synuclein in cutaneous nerve fibers and aid in the diagnosis of a synucleinopathy including Parkinson's disease and pure autonomic failure. CND has been awarded three NIH-SBIR grants to advance the utility of the test and works with biopharma clients to help optimize clinical trials.

Phoenix, AZ | [www.cndlifesciences.com](http://www.cndlifesciences.com)

## Corinthian Reference Laboratory

Booth 414

Corinthian Reference Lab (CRL) is a commercial neuropathology laboratory specializing in neurological disease detection via epidermal nerve fiber density (ENFD) testing.

Benbrook, TX | [www.corinthianreferencelab.com](http://www.corinthianreferencelab.com)

## CSI Pharmacy

Booth 219

CSI Pharmacy is a national specialty pharmacy dedicated to serving patients with chronic and rare illnesses. Founded by pharmacists in 2014, the company specializes in treating autoimmune neuropathies with biologics and plasma-derived therapies. We employ specially trained clinical pharmacists and infusion nurses to provide these treatments to patients around the country. Experience the difference of CSI Pharmacy! Call us today at (833) 569-1005.

Nash, Texas | [www.csipharmacy.com](http://www.csipharmacy.com)

## CSL Behring

Booth 201

CSL Behring is a global leader in developing and delivering high-quality medicines that treat people with rare and serious diseases. Our treatments offer promise for people in more than 100 countries living with conditions in the immunology, hematology, cardiovascular and metabolic, respiratory, and transplant therapeutic areas.

King of Prussia, PA | [www.CSLBehring.com](http://www.CSLBehring.com)

## CVS Specialty

Booth 315

Personalized Specialty Pharmacy Services

Our commitment to helping patients and their physicians manage complex drug therapies by delivering individualized patient care with compassion and dedication has made us one of the leading specialty pharmacies in the country. To learn more or to enroll patients, call 1-800-238-7828.

Woonsocket, RI | [www.cvsspecialty.com](http://www.cvsspecialty.com)

## Dianthus Therapeutics

Booth 117

Dianthus Therapeutics is a clinical-stage biotechnology company dedicated to designing and delivering novel, best-in-class monoclonal antibodies with improved selectivity and potency over existing complement therapies. Dianthus is comprised of an experienced team of biotech and pharma executives who are leading the next generation of antibody complement therapeutics, aiming to deliver transformative medicines for people living with severe autoimmune diseases. Dianthus raised a \$100 million Series A in April 2022 co-led by 5AM Ventures, Avidity Partners, and Fidelity Management & Research Company, with participation from additional investors including Wedbush Healthcare Partners and founding investors Fairmount, Tellus BioVentures, and Venrock Healthcare Capital Partners.

Waltham, MA | [www.dianthustx.com](http://www.dianthustx.com)

## GBS/CIDP Foundation International

Booth 316

The GBS | CIDP Foundation International is a global nonprofit organization supporting individuals and their families affected by Guillain-Barré syndrome (GBS), chronic inflammatory demyelinating polyneuropathy (CIDP), and related conditions through a commitment to support, education, research, and advocacy.

Conshohocken, PA | [www.gbs-cidp.org](http://www.gbs-cidp.org)

## Genentech

Booth 619

For more than 40 years, we've been following the science, seeking solutions to unmet medical needs. As a proud member of the Roche Group, we make medicines to treat patients with serious medical conditions. We are headquartered in South San Francisco, California.

South San Francisco, CA | [www.gene.com](http://www.gene.com)

## Grifols USA, LLC

Booth 408

Grifols is a global healthcare company that since its founding in Barcelona in 1909 has enhanced the health and well-being of people around the world. We produce essential plasma medicines for patients to treat chronic, rare and, at times, life-threatening conditions. The company provides a comprehensive portfolio of solutions in transfusion medicine and also offers hospitals, pharmacies and healthcare professionals information and services that deliver efficient, expert medical care. Grifols, with nearly 24,000 employees in more than 30 countries and regions, is committed to a sustainable business model that sets the standard for continuous innovation, quality, safety, and ethical leadership in the industry.

Los Angeles, CA | [www.grifols.com/en/home](http://www.grifols.com/en/home)

## Immunovant, Inc.

Booth 309

Immunovant, Inc. is a clinical-stage biopharmaceutical company focused on enabling normal lives for people with autoimmune diseases. As a leader in neonatal Fc receptor (FcRn) inhibitor technology, we are boldly developing multiple innovative therapies, including investigational products batoclimab and IMVT-1402, both of which have the potential to deliver best-in-class attributes to address a range of debilitating autoimmune diseases with significant unmet patient needs.

New York, NY | [www.immunovant.com](http://www.immunovant.com)

## InfuCare Rx

Booth 719

InfuCare Rx is a leading nationwide specialty infusion provider offering comprehensive and unparalleled clinical therapy management services to patients with chronic conditions, in the convenience of their home or alternate care setting. Our team is committed to improving patients' lives through personalized therapy regimens and ongoing educational programs. Therapies provided include: Immunoglobulin, Rituxan®, Vyvgart™, Soliris®, Ultomiris®, Ocrevus®, and Briumvi®.

Fairfield, NJ | [www.infucarerx.com](http://www.infucarerx.com)

## Ipsen Biopharmaceuticals, Inc.

Booth 618

Ipsen is a global biopharmaceutical company focused on innovation and specialty care. At Ipsen, we develop and commercialize medicines in three key therapeutic areas - Oncology, Neuroscience and Rare Disease. We work to provide hope for patients whose lives are challenged by difficult-to-treat diseases, including neurological disorders such as certain types of spasticity and cervical dystonia. Our people are driven by a passion to help patients and bring our mission to life every day. We are always ready to listen to—and learn from—patients around the world.

Cambridge, MA | [www.ipsen.com/us](http://www.ipsen.com/us)

## Janssen Neuroscience

Booth 609

At Janssen, we're creating a future where disease is a thing of the past. We're the Pharmaceutical Companies of Johnson & Johnson, working tirelessly to make that future a reality for patients everywhere by fighting sickness with science, improving access with ingenuity, and healing hopelessness with heart. We focus on areas of medicine where we can make the biggest difference: Cardiovascular, Metabolism & Retina; Immunology; Infectious Diseases & Vaccines; Neuroscience; Oncology; and Pulmonary Hypertension.

Titusville, NJ | [www.janssen.com/neuroscience](http://www.janssen.com/neuroscience)

## **KabaFusion**

*Booth 215*

KabaFusion is a national pharmacist-owned, patient-focused home infusion company specializing in IVIG, SCIG and Acute IV therapies. We are an industry-leading company, with over 30 years of experience in the home-infusion space. We work proactively with patients, healthcare practitioners and payors to provide comprehensive support before, during and after treatment. Our success is the result of teamwork from our dedicated staff, who truly believe in putting the “care” back in healthcare.

**Cerritos, CA | [www.kabafusion.com](http://www.kabafusion.com)**

## **Kroger Specialty Infusion**

*Booth 714*

Kroger Specialty Infusion is a specialized home infusion provider for Subcutaneous Immune Globulin (SCIG) and IV Immune Globulin (Ig) for autoimmune and primary immune deficiency diseases. We provide an individualized care plan to ensure each patient achieves an optimal treatment outcome within a safe environment in their home, our infusion suite, and in the physicians’ office. Our focused approach to disease management, along with our expertise in complex illnesses, allows us to offer a range of therapeutic medications and treatments. We are also a leading provider of plasma therapies.

**Torrance, CA | [www.krogerspecialtyinfusion.com](http://www.krogerspecialtyinfusion.com)**

## **Merz Therapeutics**

*Booth 218*

At Merz Therapeutics, we seek to address the unique needs of people who suffer from movement disorders, neurological conditions, and other health conditions that severely impact patients’ quality of life. With our patient-centric approach, cutting-edge research and development efforts, highly-scientific medical affairs resources and dedicated commercial teams, we continue the advancement of new and individualized treatment standards, including botulinum toxin.

**Raleigh, NC | [www.merztherapeutics.com](http://www.merztherapeutics.com)**

## **Mitsubishi Tanabe Pharma America**

*Booth 301*

Mitsubishi Tanabe Pharma America, Inc. (MTPA) is relentlessly focused on the goal of providing therapies for some of the most difficult-to-treat diseases. Our teams work diligently to develop science-based options that will enable healthcare providers to offer proven treatments for devastating illnesses. We thrive on navigating complex problems in science and medicine and strive to support patients who live with debilitating diseases.

**Jersey City, NJ | [www.mt-pharma-america.com](http://www.mt-pharma-america.com)**

## **Natus**

*Booth 707*

For over 60 years, Natus has been providing advanced technology and market-leading solutions in EMG, NCS and EPs, building on the legacy of the most widely used and trusted names in the industry, including Nicolet®, TECA® and Dantec®. Natus is recognized by healthcare providers as the solution source to screen, diagnose, and treat disorders affecting the brain, neural pathways and eight sensory nervous systems.

**Middleton, WI | [www.natus.com](http://www.natus.com)**

## **NS Pharma, Inc.**

*Booth 109*

NS Pharma is committed to improving patient outcomes for those living with Duchenne. We are dedicated to developing innovative, efficacious, and safe treatments for rare diseases through technologies that leverage exon skipping, cell therapy, and JAK2 inhibition.

**Paramus, NJ | [www.NSPharma.com](http://www.NSPharma.com)**

## **Octapharma USA**

*Booth 718*

Octapharma is one of the largest plasma products manufacturers in the world and has been committed to patient care and medical innovation in human protein therapies for over 30 years. Octapharma's core business is the development, production and sale of high quality human protein therapies from both human plasma and human cell-lines.

**Paramus, NJ | [www.octapharmausa.com](http://www.octapharmausa.com)**

## **Optum Infusion Pharmacy**

*Booth 814*

With infusion pharmacists and nurses across the country, Optum® Infusion Pharmacy can administer high-quality, cost-effective infusion therapies for acute and chronic conditions in the comfort of a patient's home or a conveniently located infusion suite. We specialize in Immune globulin (IG), Parenteral Nutrition (PN), Biologics and other specialty infusions.

**Lenexa, KS | [www.specialty.optumrx.com/infusion](http://www.specialty.optumrx.com/infusion)**

## **PepGen Inc.**

*Booth 717*

PepGen is advancing the next generation of oligonucleotide therapeutics with the goal of transforming the treatment of severe neuromuscular and neurologic diseases. Our Enhanced Delivery Oligonucleotide (EDO) platform is founded on over a decade of research and development and leverages cell-penetrating peptides to improve the uptake and activity of oligonucleotide therapeutics. EDOs have shown the potential to treat genetic disorders by optimizing the safe and efficient delivery of therapeutic oligonucleotide cargos into affected tissues and cells. We have leveraged these characteristics to develop a robust pipeline of potentially world-leading therapeutics for the treatment of serious genetic diseases.

**Cambridge, MA | [www.pepgen.com/about](http://www.pepgen.com/about)**

## **Periodic Paralysis Association**

*Grand Canyon Foyer*

A non-profit organization dedicated to patient education and advocacy and fundraising for additional research into Primary Periodic Paralysis.

**Winter Garden, FL | [www.periodicparalysis.org](http://www.periodicparalysis.org)**

## **Pfizer Inc**

*Booth 519*

Breakthroughs That Change Patients' Lives. At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time.

**New York, NY | [www.pfizer.com](http://www.pfizer.com)**

## **Pharnext**

*Booth 419*

Pharnext is an advanced clinical-stage biopharmaceutical company developing novel therapeutics for neurodegenerative diseases that currently lack curative and/or disease-modifying treatments. Pharnext lead product, PXT3003 completed an international Phase III trial with positive topline results for the treatment of Charcot-Marie-Tooth disease type 1A (CMT1A) and benefits from orphan drug status in Europe and the United States. An international pivotal Phase III study of PXT3003 in CMT1A, the PREMIER trial, is currently ongoing.

**Paris, France | [www.pharnext.com](http://www.pharnext.com)**

## **PTC Therapeutics**

*Booth 216*

PTC is committed to providing access to best-in-class treatments for patients with little to no treatment options. This mission underpins our focus on the discovery, development, and global commercialization of clinically differentiated medicines for those with rare diseases.

**South Plainfield, NJ | [www.ptcbio.com](http://www.ptcbio.com)**

## **Reneo Pharmaceuticals**

*Booth 318*

Reneo is a clinical-stage pharmaceutical company focused on the development of therapies for patients with rare genetic diseases with significant unmet medical needs, including mitochondrial diseases.

**Irvine, CA | [www.reneopharma.com](http://www.reneopharma.com)**

## **Rhythmink International LLC**

*Booth 816*

Rhythmink® International, LLC designs, manufactures and distributes medical devices and provides custom packaging, private labeling, custom products and contract manufacturing to its customers in the CEEG, IONM and EMG/NCV markets. Rhythmink is recognized as a leader within its fields at providing the important physical connection between patients and the diagnostic equipment to record or elicit neurophysiologic biopotentials. Originally founded by neurodiagnostic technicians and engineers in 2002, Rhythmink strives to provide continuous innovation and superior quality in all of its products. Based in Columbia, SC, Rhythmink's advancements and improvements in technology, business development and corporate branding have brought national and international recognition.

**Columbia, SC | [www.rhythmink.com](http://www.rhythmink.com)**

## **RISE Healthcare Group**

*Booth 119*

RISE Healthcare Group combines a 1-on-1 outpatient physical therapy treatment model with Cyberdyne's Hybrid Assistive Limb Device (HAL) to go beyond the conventional treatment options for neuromuscular disorders. The HAL device is a one of a kind blend of technology and rehabilitation used to read a patient's intent for movement and helps to facilitate that action via improved neuromuscular connections setting it apart from other medical exoskeletons. HAL is the only exoskeleton approved by the FDA to improve ambulation for patients with a variety of neuromuscular conditions, including but not limited to stroke, spinal cord injuries, traumatic brain injuries, Parkinson's, and progressive neuromuscular disorders.

**Southern California | [www.risehealthcaregroup.com](http://www.risehealthcaregroup.com)**

## **Sanofi**

*Booth 514*

We are an innovative global healthcare company, driven by one purpose: we chase the miracles of science to improve people's lives. Our team, across some 100 countries, is dedicated to transforming the practice of medicine by working to turn the impossible into the possible. We provide potentially life-changing treatment options and life-saving vaccine protection to millions of people globally, while putting sustainability and social responsibility at the center of our ambitions.

**Cambridge, MA | [www.sanofi.us](http://www.sanofi.us)**

## **Sarepta Therapeutics**

*Booth 115*

Sarepta Therapeutics is on an urgent mission: engineer precision genetic medicine for rare diseases that devastate lives and cut futures short. Our focus is on Duchenne and limb-girdle muscular dystrophies, and we have 40+ programs in development across 3 technologies - gene therapy, RNA and gene editing.

**Cambridge, MA | [www.sarepta.com](http://www.sarepta.com)**
